RESELLION IN THE BEAR ature historium. Very extensive and abund-ent manerials for the inside history of the great relection are being steeping supplied from a multitude of source s. Interpretant papers, no or helper published, have reportly been be outly redight, showing how the amulting people were leading were to for, e-matiers to such extremely the United Service Magazine, furnishes a perfor of the overtical confedence, document, cothe most interesting documents that have comto light are the letters of the confederalic cuis-saries who were operating in Canada in 1864. These letters by Thompson Clay and Hol-combo, the commissioners whom Mr. Greeley met at the famous Ningara Falls conference, are certainly a curious and instructive contrithe history of the wat. and completely reveal the fact that the writers. but that their business in Canada was to al-

the democratic party in the north by making it appear that President Lincoln was deter-mited not to offer any jerms of peace everyt-such as were so harsh that their acceptance by the south we aid be impossible, and to ste my inestantia we flat or appassing, any costructionary movements in the northern states, organize trussonable societies, brilepoliticians, subsidize newspapers and hire ods creates to burn cities and destroy railroads. For all these purposes the dominissioners were al undantly supplied with money. They were a tilited, they say, by many democratic poli-ticions, from whom they excited great en-couragement; and they reveal the fact that the chief reason why the south was persisting in and construction any me some was personal in a struggle which had long been plainly desperate was based on the hope that the democrats would triumph in the than approaching presidential election. They speak of the results of their mission as tending strongly toward consolidating the democracy, dividing the republicans, and encouraging the desire of peace." Still they said they had not encouraged the idea that peace would restore their mion, though they had not seen its " to disperthe fond delusion of most of these whom they had conversed with, that some kind of common government might at of future time by reses

tableshed." They found the democratic politicians " beginning to lean more and more on the side of our (southern) people as their national allies and the ghampions of states rights;" and they full assured that "many of them would gladly fall into our lines if our armies occupied the states north of the Ohio for a month, or even a week!" Read as who recall the democratic platform of 1864, with its dec-baration that the war was a failure and its virtual demand for peace at any price, may by

We have received a long communication from a writer at Olympia expressing satisfac-tion with the report that there is to be a change in the management of the Northern Pacific railroad, and bitterly condemning the Pacific ratifold, and interly bracketting incommanagement of the enterprise during past years. The writer asserts that the management has been a blunder from the beginning.

act improve. Bight have was the destrict point of manner the near recommended in the discontinual of the sentence of the furty new end yould and it is indicated in the discontinual of the sentence of steam could be kept appared. ribal and the momentum of Gen. Garashi, thus, and without late, dast or since. The There are republicans who do not choose to join the personal following of usuaping hoses, a summer to their dictation, from though it may desired to whose the distance from though it was destined to write out out and liquid fact it, on besses he sentiment of the fined Santo, for, while uncider the of cuthors are helder these republicans intend to proserve the arms. which latter will in due season fare ,shire or, day. They are resident to be men, and dis- for the world. The frequent of the world, we dain to be the lackeys, penkioners, understrap, are asserted, will not more sweat and pain for breath deep in the vesser's hold, but will wear

chies of heroitary priviling. For saviral pairs just the people of New York have been plying their present series series, and some of his predecesors have had even made time and again within the fast six to in champion of the semitorial sports system and those who back his presensions. The president this enermous harvest, by a regular salary, times who beek his presentations. The president this enermous harvest, by a regular salary, has now an advantage in felicib the will be used the rich quarry has found means to paratined by his party and by the country. It is just as well for the people in every state to be the advantage dear ideas of the nature of this constitution and balls the will of the people are now also confirmed users for it is a context which well be defined. everywhere more or less sharply in elections to 1000 normally to swell his private feature, and by held during the term of Pres I of Gardeld.
